## About This Game

"Just when ragdoll was becoming an irritant for gaming, Toribash swoops in to demonstrate why it's the best thing since shaded pixels." - PC Format

"Great physics; the best PC fighting game since "Rag Doll Kung Fu." - PC Gamer UK

Toribash is an innovative free-to-play online turn-based fighting game where you're able to design your own moves. It is a martial arts simulator (yes, we do call a game with full body dismemberment a simulator) where you move your character by controlling joints on their body. As each of them can have 4 different states, number of possible moves is almost endless, which makes fights unique.

### Main features:

- Completely unique fights with players all around the world
- Unlimited character customization: body colors, textures, flames, hairs and more!
- Daily knockout tournaments hosted by the Event Squad

- 
- Lots of ingame and forum events
  - Ability to modify the environment and characters using the built-in Mod Maker
  - Open market - trade any of your items with your friends or just give them for free!
  - An **extremely** long game genre name

---

Title: Toribash  
Genre: Action, Free to Play, Indie, Strategy  
Developer:  
Nabi Studios  
Publisher:  
Nicalis, Inc.  
Release Date: 1 Mar, 2006

b4d347fde0

**Minimum:**

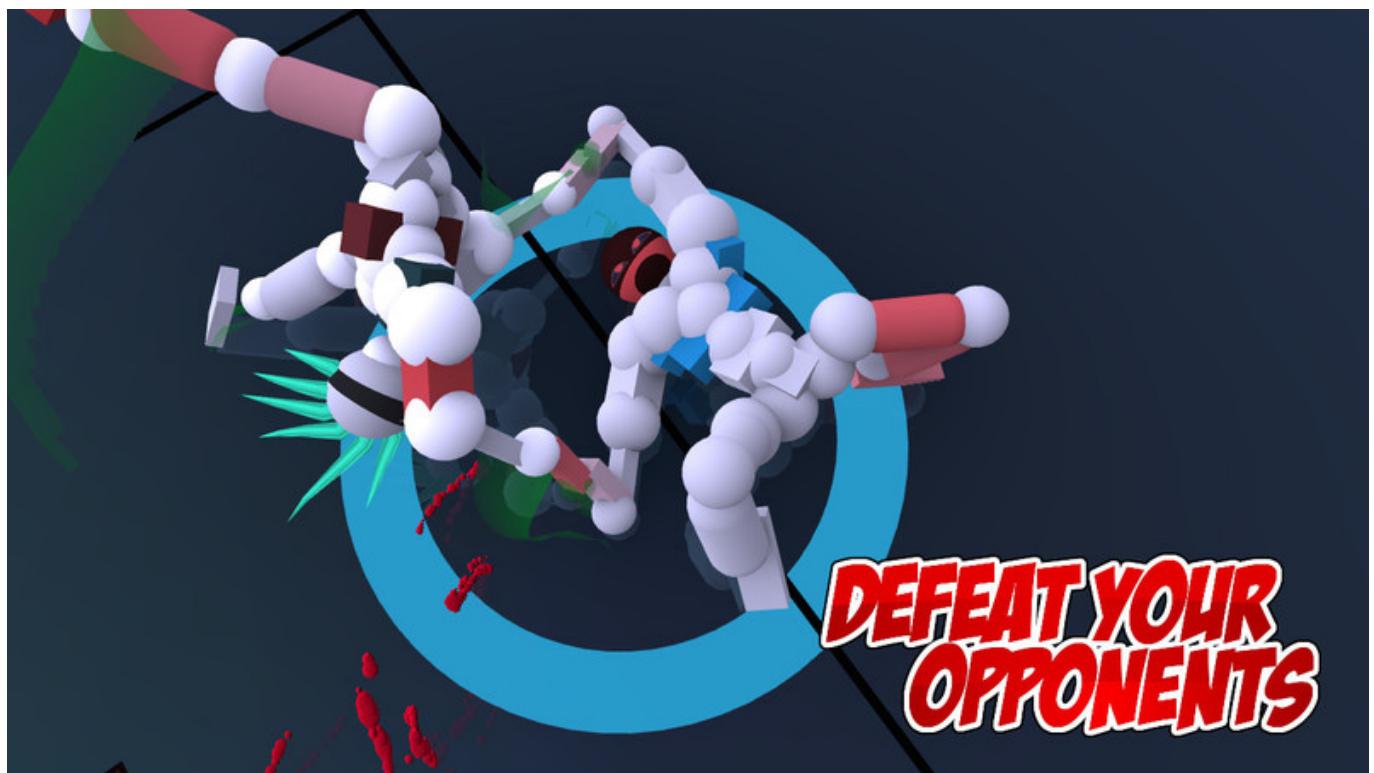

**OS:** Windows 10 / 8 / 7 / Vista

**Processor:** 2.4 GHz Dual Core

**Graphics:** Intel HD 3000 / NVIDIA GeForce 510 / AMD Radeon HD 5450

English, French, Portuguese, Russian

---

You Really Need To Get Used To It But It's Really Fun!!!. Learning curve higher than the sun 8V10. -Sees awesome backflips and parkour on store page

-Downloads

-Flops around doing more self damage than to my opponent

-Somehow wins

11V10 would flop around again. punching off heads is fun. this game is cool like ice.. It would be fun if **I KNEW HOW TO PLAY . this game is great and it takes time to learn and lots of fun and a great way to paste time**

---

I've played this game quite a lot in the past before it was released to Steam. By no means was I good, especially since the game has a rather large learning curve. This learning curve comes from the fact that various joints must be manipulated to get results, but casual players (especially friends) will often find hilarity due to the manipulation of their characters sometimes in rather awkward positions. Multiplayer games are rather fast-paced compared to singleplayer sessions due to the timer which limits the time players can think before it runs out. Otherwise, various mods come with the game which adds plenty of PvP options (arena type, weapons, body sensitivity, etc.), or solo challenges (parkour, skateboarding, sports, etc.).

In terms of play by more seasoned/veteran players (not including myself), other players can find interest in the rather complicated techniques used to simulate real fights or complete parkour maps.

Overall, this game takes a long time to fully understand since the tutorial does not completely cover everything, but once players get past this, they'll find many challenges to overcome.. violets are red

roses are blue

toribash is

good for you. I EAT ASSSSS. Best Ragdoll game ever

. wish it had a single player mode to earn those damned creds for unlocks but then again i would like to be able to make a full move set as a combat style
